

# 2012-2013 Counseling Internship and Practicum Opportunities

## Description

All internships require an academic year commitment (last week of August through third week of June) of approximately 20 hours per week, with the option to continue through the summer. All positions are unpaid. Weekly individual and group supervision are provided by very experienced licensed staff (MFT, LCSW and Clinical Psychologist) and all interns participate in monthly in-service training. All group supervision is on Wednesday mornings. Individual supervision is scheduled between the intern and supervisor. Applicants must be graduate students or post-graduate interns.

This placement provides an opportunity to see a wide variety of clients and respond to a range of presenting problems. YFS works with children from birth through age 21, and their families. Sessions can be recorded (audio and video) for supervision purposes. The placement allows for collaborative work, both with our internal case managers, other agencies at the Family Resource Center, other City Departments, schools, mental health, and probation. YFS provides services to a diverse population. Applicants with bilingual and/or bicultural skills are encouraged to apply.
